

Personal Development Transition Quiz

A guide for teachers

Personal, Social, Health & Economic Education

Introduction

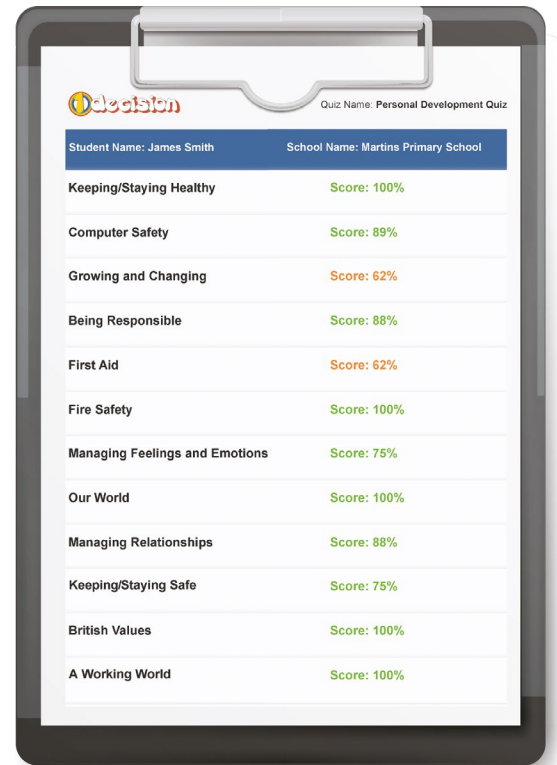

Introducing the Personal Development Transition Quiz!

This new software provides schools with the ability to quickly assess and gather data on their pupils' knowledge when it comes to areas of Personal Development. This will help with identifying knowledge, and any potential gaps.

We suggest the quiz is initially taken by pupils either at the end of year 5, or at the beginning of year 6 (we even have schools using the software in year 7 to help identify their new pupils' knowledge).

The quiz provides a sequence of multiple-choice questions which cover **12 areas of Personal Development**, closely linked to **PSHE and RSHE**.

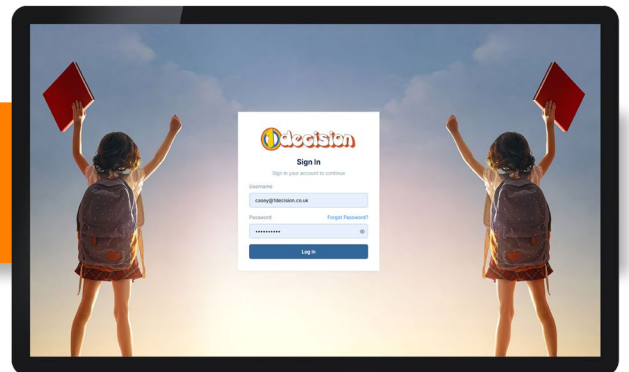

Once a pupil has completed and submitted their choices, teachers can assess data and adjust focus for PSHE lessons, assemblies, etc. This will help provide staff with the reassurance that pupils are fully prepared for their transition to secondary education. This software provides your school with year-by-year data and allows you to retest pupils to evidence where you are closing any gaps.

Area	Score
Keeping/Staying Healthy	Score: 100%
Computer Safety	Score: 89%
Growing and Changing	Score: 62%
Being Responsible	Score: 88%
First Aid	Score: 62%
Fire Safety	Score: 100%
Managing Feelings and Emotions	Score: 75%
Our World	Score: 100%
Managing Relationships	Score: 88%
Keeping/Staying Safe	Score: 75%
British Values	Score: 100%
A Working World	Score: 100%

IMPORTANT - We estimate that the quiz will take roughly 45 minutes to complete. Please allow enough time for pupils to complete the quiz in one sitting.

Once you are subscribed, you will receive login details and important links from the 1decision team.

Admin Panel

Once you are logged in to the [admin panel](#) you will be able to view the data of all completed quizzes.

The password can be changed once logged in by clicking on your username in the top right corner of the screen, and then clicking the 'Change Password' option. If you update the password please inform all relevant staff of the change. **At 1decision we do not store your password data.**

All your data will be available on the 'Dashboard' page. This will include a list of all the pupils who have completed the quiz (with options to download their individual data/responses). Results can be viewed in an overview or detailed report. The search option will allow you to categorise children by class or group, such as your pupil premium students, to give you a wider understanding of need.

The data is split into three easy to understand areas:

I have excellent knowledge.

I have good knowledge.

I require more support.

Taking the Quiz

The first-time pupils take the quiz they will all use the same link. Your school's quiz link can be found on the '**Available Tests**' page once logged in. Please share this link with every pupil you would like to complete the quiz. Before they start they will be asked to enter their name and year group.

Retaking the Quiz

Dashboard

Available Tests

Retake Tests

Once you have had the opportunity to revisit any areas where you have identified pupils who would benefit from more lessons/support, you have the option to retest and assess where you have closed the gaps.

Retaking the quiz is a slightly different process, each pupil who has already taken the quiz will now have their **own individual link** to resubmit data.

IMPORTANT - Visit the 'Retake Tests' page to find each pupil's individual retest link, which you should share with only that pupil. Please be careful to not use the original quiz link for retesting, as this will result in multiple data entries for pupils.

IMPORTANT - If you would like to keep original test scores, please download before you allow students to retest.

Final Note

Each area of development is closely link to the knowledge gained within the 1 decision modules and other PSHE/RSHE resources.

If you require any further support on how to use the data and source the correct resources to close any gaps, please contact the team at info@1decision.co.uk
