# YOUNG CARER ACTION DAY 2021

## Tuesday 16th March

Join us and Carers Trust to celebrate young carers' skills. As many as one in six students in every class could be a young carer so it's incredibly important to identify and support them in education settings.

### How you can support young carers.

- Download our display resources here. Print, email or display on screens or on your online portal.
- Find key ways you can make your educational setting young carer aware here.
- Find information about the referral process for teachers and teaching staff here.
