

Criminal Justice Interventions

We work closely with Police and Probation services to deliver the Drug Intervention Project (DIP) services via custody suites and magistrates courts. We can also provide treatment for Drug Rehabilitation Requirement (DRR) treatment court orders, and Alcohol Treatment Requirement (ATR) court orders. We actively support the Integrated Offender Management service 'SWITCH' across Wiltshire.

1-2-1 and Group Support

We will offer a wide range of support, including, 1-2-1 interventions, key-working, group support and counselling, delivered in line with your recovery. We will provide you with a constant Care Coordinator who will support and guide you through all the services available and a wide range of groups.

Aftercare and Community re-integration

We will support you to gain access to meaningful activities such as education, training, and employment.

Anybody affected by substance misuse, including families and significant others can contact the service to access support.

Turning Point is a registered charity, no. 234887, a registered social landlord and a company limited by guarantee no. 793558 (England & Wales).

Substance Misuse
Service**

“

The staff are incredibly supportive. It made me realise that help is out there.

”

“

I was given the specific guidance when I needed it most, and the ability to cope better in the future.

”

The Wiltshire Substance Misuse Service

We are a free and confidential community service. People using our services are at the heart of everything we do. Our service is designed to help people get back on their feet by addressing their issues and making lasting, positive life changes. We do not put a time limit on the support and treatment we offer and our aim is to be a stepping stone to a healthier life with more opportunities.

Confidentiality

All staff adhere to strict ethics on client confidentiality under the Data Protection Act 1998.

Your Recovery Plan

Our service is designed to your specific needs. When you get in contact, we'll work with you to assess your needs, and then partner you with one of our staff.

This individual member of staff will work with you throughout your time with us. They'll help you to understand the various different therapeutic options available, and help you decide what is right for you.

As part of your personal recovery plan, we look at the whole of your life, to help you to manage your health, your wellbeing, and your future.

Contact us to find out more information about how we can help you, or someone you know.

Community detoxification

Our Community Detox Nurses will deliver detoxifications for drug and/or alcohol giving you the option to avoid In-Patient detox.

In-patient detoxification

We will support you in to In-Patient detoxification or residential rehabilitation from the point of your referral to your discharge should this be your choice. We will provide you with the appropriate care and support during this time to suit your individual needs.

Specialist prescribing

Through each of our main centres we offer service users quick access to a prescription such as Methadone, following an assessment with our doctors, nurses and Recovery Workers. We will work closely with GPs through our Shared Care Scheme and look to transfer your prescription into the community by a GP when appropriate

Our links with other specialist community services means we can assist you with:

- Family and carer support – including a carers assessment
- Housing link
- Dual Diagnosis link
- Midwifery link with parenting support

Our partners include:

- GPs
- Probation Service , Police & Prisons
- Social Services
- Mental Health Services
- Housing Services
- Family & Carers Services, including formal partnership with AOAs Families Plus
- Young People's Services, including MOTIV-8
- Community Groups and faith groups
- Residential Services
- Hospital Services and Midwifery Services
- Employers, volunteer services
- Service user involvement and peer support services, namely WASP
